Regulatory Framework

**Craigowen Housing Association – Regulatory
Judgement**

Report 2022/23

Introduction

The Department for Communities (DfC) is the Regulatory Authority for Registered Housing Associations (RHAs) in Northern Ireland. Housing Regulation Branch within DfC undertakes this Regulation activity on behalf of the Department and we seek to protect the interests of tenants, homeless people and others who use the services provided by RHAs. To ensure this is achieved, RHAs must provide us with the necessary information on a regular basis to demonstrate how the Regulatory Framework Standards are being achieved.

RHA Background

Craigowen Housing Association (Craigowen HA) was first registered with the Industrial and Provident Society in 1976, and with the Department of the Environment the following year. The association was established to provide and maintain housing accommodation, for people with learning disabilities, and for those who care for them along with their families. It has 231 shared units which are located within the Camphill Communities of Glencraig in Holywood, Mourne Grange in Kilkeel and Clanabogan outside Omagh.

Regulatory Approach

Through our risk-based and proportionate approach to regulating RHAs, we focus our attention on the important risks and key aspects of an RHA's performance. This includes having different levels of engagement depending on the RHA's risk and performance profile.

When we refer to risk, we are referring to the risk to the interests of tenants and other service users. This may not always be the same as an RHA's own detailed assessment of the operational risks it faces. This judgement is completed in accordance with the risk based approach to Regulation introduced in April 2017.
